PROGRESS WINS FEDERAL SALES TAX BATTLE

In one of the few instances where a small business fought the federal sales tax authorities and won, the charges against the Minden Progress of failing to file federal sales tax were dismissed in Provincial Court Minden last Tuesday after the Progress demonstrated that it had, in fact, filed the returns and paid the tax. The Progress was charged last Fall by the Department of National Revenue which, Tuesday, submitted affidavits to the court alleging that neither the sales tax monies due the department, nor the required accompanying forms had been received for September and October, 1974. Pleading not guilty to the charges, the Progress produced for the court the cancelled cheques showing that payment had, in fact, been made.

Progress testimony revealed that in both instances cited cheques and forms had been mailed on time to the Department of National Revenue offices in Toronto and when notified that they had not been received the Progress immediately replaced them.

Appearing on behalf of the government, Lindsay lawyer D.J. Warner argued it was "unbelievable" that a properly addressed envelope would not be delivered by the Post Office.

"I find it quite believable", commented Judge G.F.W. Inrig in dismissing the charges. "The postal service is in a chaotic state."

Champs

Minden's Atom B Team walked off with the championship of the Haliburton County Minor Hockey League recently and proudly brought home the Glen Dart

Memorial Trophy. Minden finished first in its division during the regular schedule, then went on to eliminate Waberforce by a score of 3-1.

Voted the star of the game was goaltender Jamie Hutchison. Left to right, front row: Andy Pristol, Tim Wood, Ricky Cooper, David Strib-

ling, Doug Platt, Dwayne Warburton and Jamie Hutchison. Middle row: Kelvin Mann, Robbie Heywood, Stanley Brown, Greg Brown,

Tim Pritchard, Doug Heath and Colin Newell; back row: co-manger Ted Reid, coach Stuart Baker and co-manager McKay Brydon.

Butcher cuts up

A visiting Toronto butcher who took exception to the way his host was trimming the steaks for dinner has been charged by police after he went "berserk" Sunday causing more than \$300 damage to a Kennis Lake cottage. Charged with mischief is 30 year-old Ernest Henry Ashberry of 30th St., Toronto.

According to police Ashberry was the weekend guest of Paul and Donna Broad of Islington at the Kennis Lake cottage of Mr. Broad's father, Gordon W. Broad. Outraged at the way in which his host was trimming the fat off the dinner steaks Ashberry left the cottage in a huff.

Returning later in towering rage he swept the dinner onto the floor of the cottage,

Survey senior citizen housing

The Ministry of Housing will conduct a survey to determine the need and demand for Senior Citizen Housing in The Minden Area.

A research analyst from the Ministry of Housing, the Ontario Government's housing agency, will estimate the number of Senior Citizens living in The Minden Area whose housing is inadequate or beyond their financial capabilities.

upset the table and had to be physically subdued. Ashberry was treated at Minden Red Cross Hospital for cuts and bruises and released.

Investigation by Provincial Constables Mike Hickey and Mike Maher.

The demand in the area for housing on a rent-geared-to-income basis will be determined from information gathered through advertising, direct mail questionnaires and interviews.

The study, which begins March 17th was requested by the Council of the Townships of Anson, Hindon and Minden. It will include an assessment of economic trends, growth factors and current and future housing needs in the Municipality.

Senior Citizens in The Minden Area will receive letters outlining the Government's housing program and asking them if they wish to participate.

Some interested persons may not be reached by direct mail. The Ministry of Housing

urges them to obtain a questionnaire from the Municipal Offices.

If the survey shows a need for Senior Citizens' Housing, it will likely be an apartment building, although consideration is given to one-storey units which do not require stairways. All apartments have a living room, bedroom bathroom and kitchen, and are equipped with stove and refrigerator. Rent is geared to income and the minimum is \$37.00 a month, including services.

After considering the survey report, Council can initiate the program it outlines by adopting a resolution requesting the Ministry of Housing to go ahead. Capital costs are shared by the Provincial and Federal Govern-

ments.

Housing on a rent-geared-to-income basis is part of the Ministry of Housing Home Ownership Made Easy (H.O.M.E.) Program. Those receiving questionnaires are asked to return them as soon as possible to assist the survey.

Return them to:

Bursts into home

Eighteen year-old logger Reuben James Packard of Harcourt has been charged by police with mischief and assault causing bodily harm after he allegedly burst into the Carnarvon home of Ronald and Sharon Bacon on Highway 530 early last Sunday morning.

According to police damages in excess of \$500 occurred to a large glass door and the heating system in the home, while Mr. Bacon was physically abused suffering bruises and scratches. Investigation by Provincial Constables Ron Buchanan and Mike Maher.

Natural Resources

Spring tree planting

Spring Tree Planting
by: T. Farmer, Private Land Forest Technician
Ministry of Natural Resources

Longer days, sap flowing in the maples, and reports of robin sightings are being heard from a few of the southern radio stations. All of these infallible signs of spring are now upon us. The most notable sign of spring in the Forests Division is the increased activity and conversation concerning tree planting.

Plans of action are being formulated for tree pickups, equipment handling and distribution, and hiring of planters. Tree planting schedules have to be drawn up and checked for feasibility. There will be many meetings held and phone calls placed between now and the actual start of planting, somewhere near mid April.

Tree planting time is the culmination of a whole seasons activities, fields that were covered with grass and weeds when initially inspected, last summer, will soon be home to thousands of trees.

Inspection of possible planting sites is conducted during the snow free months, followed by drawing up and signing of Woodlands Improvement Act agreements and finally spring tree planting.

This year there will be approximately 850,000 trees of various species planted on private and public lands in the Lindsay District. Fifty-nine private land sites and several crown properties as well as ninety-five acres in Northumberland and Gananaska County forests will be involved in the plantings.

Reasons for planting cover everything from straight timber production, to erosion control and recreation and wildlife habitat improvement. Red pine and white spruce are the predominant species but, norway spruce, silver maple,

white ash, european larch and black locust are also being planted.

The Woodlands Improvement Act (W.I.A.) came into effect in this area in the latter half of the sixties and has been growing in popularity every year. There are currently 259 W.I.A. agreements, involving 10,200 acres of private land, in the Lindsay Forest District.

While it is too late, to have your property planted under the W.I.A. this spring, it is not too early to request inspections for spring 1976 plantings. Some 200,000 trees of our 1976 tree allocation are already spoken for. For further information about W.I.A. planting or tree planting in general please contact this office and direct your inquiries to the Division of Forests. Possibly your property will be on our spring planting schedule next year.

Your money and credit

ROLE OF CREDIT BUREAUS

Credit bureaus exist to give credit information about an individual, provided the person who asks has a right to do so. And who has a right to do so?

Why, the person or institution who has been asked to grant credit. Then there is a good reason to know because borrowed money or credit must be repaid — and can the borrower repay it?

Credit bureaus do occasionally make mistakes. If you ever suspect that your official credit record is not correct, you should go to the credit bureau yourself, as you are certainly entitled to do, explain why you would like to see your record — and then have it set straight. But in 999 cases out of 1,000, however, a poor credit rating reflects a poor record and not a mistake made by the credit bureau.

In any event, it is really important to have a good credit record. It smooths the way. A poor credit record can make a lot of trouble and waste a lot of time.

By far the best way to have a good credit rating is to establish and maintain a good record with the credit grantors you are dealing with. Not all users of consumer credit have their names in credit bureau files; the important thing is to live up to your commitment to the lender or credit grantor himself.

If you make a real mess of running your finances, if you get a mile above your head in debt and can't figure out how it happened or what you're going to do now — there are some programs and organiza-

tions to help you pick up the pieces.

The Small Debtors Program, organized by the federal Department of Consumer and Corporate Affairs and started in June, 1972, was drawn up to enable the individual debtor (not a corporation, association or self-employed person) to discharge his responsibilities the best way he can under the circumstances.

To begin with, the statutory costs of declaring bankruptcy, to be paid to the bankruptcy branch of the government, are \$50 or under as opposed to the \$300 to \$700 demanded by licensed trustees in the private sector.

The people who are eligible to apply for bankruptcy under this plan must be really broke. Realizable property must not exceed \$500 after deducting the value of the secured and exempt property.

This is all pretty rough stuff and to be avoided if possible.

Other programs which can help people before they are totally destitute are the various community credit counselling services across the country.

This is one of a series of columns on money management, condensed from the booklet Your Money and Credit Today and Tomorrow, published by the Canadian Bankers' Association. Copies of the booklet, in English or French, are available free from the Association at P.O. Box 282, Toronto Dominion Centre, Toronto, Ontario, M5K 1A3.

Safe Driving

Minden truck driver Mike Newell was one of 90 Bell Canada drivers to be presented with a 20-year safe driving award at a special investiture and banquet held recently in Toronto's Royal York Hotel by Ontario Safety League. Married, Mr. Newell received his award for his unblemished safety record as a Bell Canada driver during the past 20 years. Above, Dr. Charles McIlveen, MPP for Oshawa and Parliamentary Assistant to the Minister of Transportations and Communications, congratulates Mr. Newell after presenting him with his award.

Support

This week some 234 service clubs throughout Ontario are hard at work to help the Ontario Society for Crippled Children raise \$2 million through its Easter Seal campaign. Here in Minden the Minden Rotary Club has as its goal the sum of \$1,500 for both local and provincial use on behalf of crippled children.

A typical example of the help provided by both the society and our own Rotary Club can be seen in this year's Minden area "Timmy", Doug Alton. Doug is able to walk today and lead a virtually normal life due to an operation nine years ago financed by the Minden Rotary Club, which also provided him with the necessary leg brace. Moreover, each year the club takes "Timmy" to Toronto for his annual check-up.

Helping youngsters like "Timmy" has got to be one great cause, deserving of our unstinting support. Let's get behind our Rotary Club and "Timmy" and support Easter Seals. Give generously.

A Major Step

Along with Haliburton County Council's recent approval of a \$12,000 grant for 1975-76 to the Haliburton Highlands Chamber of Commerce came the stipulation that the Chamber's Executive Manager, Larry Parrott, devote at least 50 per cent of his time and effort towards the development of industry in Haliburton County during the coming year.

In making this most needed commitment towards the encouragement of industrial development in the County, the Haliburton County Council has taken a major step towards securing a year-round economy for County residents.

The currently rumored move by County Council and/or the County's Industrial Development Commission towards the acquisition of acreage for an industrial park serves only to reinforce council's apparent determination in this matter.

If we are to have a year-round economy; if our young people are to remain in Haliburton County, work, marry and raise families here, then we must diversify. Otherwise, we must face the disappearance of Haliburton County as an economic unit within 5 to 10 years.

Most thinking County residents will applaud County Council's action.

But, if you paddle and I bail, who'll fish?

Ontario cannot stand still

by

R. GLEN HODGSON, M.P.P.

"Eating yourself out of house and home" is an old adage which still has great practical application in the light of dramatic economic developments and rapid technological change.

In two different but closely related policy areas - the economy and agriculture - the Throne Speech delivered by the Honourable Pauline McGibbon, Lieutenant Governor of Ontario at the Fifth Session of the Twenty-Ninth Parliament highlighted the theme of moderation and restraint and the necessity to manage both our public and personal affairs more carefully.

Agriculture is the first broadly based industry which formed the sound economic foundation for our provincial prosperity. Agriculture has helped uniquely in making Ontario self-sufficient in many facets of our food supply.

In the past few years farmers have experienced severe difficulties in meeting the rising costs of equipment and supplies. Yet the return on investment in labour and capital has not surpassed input costs - despite the bigger increases in 1973 and 1974. In many cases existing large surpluses and overproduction have brought about declining farm incomes and has led to a loss of farmers remaining on the land.

The challenge of stabilizing farm incomes must be squarely met and firmly resolved. In the upcoming session the Government will introduce measures to provide the farming community with reasonable economic security and incentives to stay in farming. These measures, to be spelled out more clearly in the provincial budget, will help to smooth out the humps and valleys in farm income.

In a world faced by massive hunger, security of food supply is essential. Ontario will ensure that we do not eat ourselves out of house and home.

The Throne Speech emphasized the importance of managing our modern economy with responsible and confident leadership reinforced by enlightened and progressive economic policies. That is to say economic policy must take into account the ravages of double digit inflation and the problems of world recession. Provincial economic policy can be neither intensely inflationary nor recessionary.

Since World War II Ontario has experienced spectacular economic growth and long prevailing prosperity. Even in 1974 the Province still enjoyed an enviable rate of growth - 3.5% in real terms compared to Japan's 3.3%, 1% in West

Germany and 2.2% in the U.S.

Now that we face some difficult economic conditions the general public is expecting and demanding strong leadership to deal with these concerns. But to get the best results out of sound management of the economy requires public support and assistance - particularly in the pricing of goods and services and in wage negotiations. Our economic growth to date is predicated upon the expansion of international trade. In that regard we must recognize the importance of not pricing our goods and services out of world markets.

In continuing our efforts to make government available and open to all citizens, an Ombudsman will be appointed to protect the rights of individual citizens in dealing with their Government and to remedy any injustice which may have resulted for any citizen. The idea of the Ombudsman originated in Sweden and has been extended to many Commonwealth nations and several Canadian provinces. Citizens must not become the victims of arbitrary judgements and rigid administrative practices. The experiences of all the states and provinces indicate that the office of Ombudsman will prove to be

a real advancement in protecting individual rights.

It goes without saying that social policy is highly dependant upon effective and real economic growth. Our efforts in social policy will be bent to the overall improvement of those less fortunate than many in our society. For example, we will introduce initiatives to strengthen the security and well-being of the elderly and tackle the inflation monster where it drastically affects those people who are dependant on existing social benefits.

Certainly the Government recognizes the many problems and difficulties which lie ahead and the urgent necessity to act in meeting these problems satisfactorily. Yet I think we should also keep our difficulties in perspective and remind ourselves more frequently that Ontario still remains a centre of exceptional opportunity for all citizens. Confident and realistic leadership and effective public support are key ingredients in preserving the potential of these opportunities.

Cancer can be beaten.

Reprinted From The Imperial Oil Review

FAITH, HOPE, AND CANCER

Last of 3 parts by James A. Taylor

No. Not false optimism. But step by step, science has brought us a long way. And Canada? A leader

The trouble is, finding the problem is much easier than convincing us to change our habits. Morgan states tersely: "Breast cancer risks are related to the age at which a woman has her first child. At 15, it's one-third the risk of waiting until 30. I can see this influencing a married woman who's wondering whether to have a child now or wait a few years. But can you imagine parents encouraging their daughters to get pregnant at 15, for protection against future breast cancer?"

He has other examples. "A factor in cancer of the cervix is sexual activity, especially the number of partners. We could prevent it by stopping sexual intercourse. More rigid moral standards would reduce it. So how easy would that be to achieve?"

If judged by the success of anti-smoking campaigns, widespread cultural changes are unlikely. Cigarette smoking has been conclusively shown to affect cancers of the lungs, bladder, mouth, and throat - it has been linked to more human cancers than all other known cancer-causing agents together. Lung cancer is nine times more common among smokers than non-smokers. In Canada, it kills almost twice as many men as any other form of cancer. As well, smoking affects diseases of the heart and blood vessels. Yet many smokers won't quit even after losing a lung. "We just haven't made a dent in that problem," admits Robert Morgan.

Yet the challenge is there. "Without any new medical advances, 30 percent of today's cancer could be eliminated," insists Richard Hasselback. He wants every woman to have a Pap smear test at least every two years. He wants smoking abolished.

And success is possible. In the 1950s, British Columbia launched the world's largest screening program for cancer of the cervix, using the simple, painless, Pap smear test. Dr. David Boyes, of the British Columbia Cancer Institute, credits the program with cutting this cancer's incidence from 28.4 women per 100,000, to 9.2, and halved the death rate.

But abolishing smoking is more difficult. Some cancer specialists now argue that smoking should be legislated out of existence. "Other controls aren't very effective," admits biologist James Till. "Unfortunately, if you advocate legal controls to save people's lives, you're accused of either puritanism or extremism."

"Smoking is our failure *par excellence*," agrees NCI's Tony Miller. "Mind you, it's not a complete failure. Doctors are getting the message and already their death rate for lung cancer is dropping. But we've failed tragically in being unable to persuade young women not to start smoking." (Traditionally, seven times more men than women died of lung cancer. Today, as more women smoke heavily, they are moving towards equality in death rates.)

A stumbling block in cancer prevention is human fear of the disease and its inevitability. "They think of cancer the way they used to think of leprosy," said one bitter patient. Shortly before his death, the Rev. Eugene Lohnes, a United Church minister at Sunderland, Ont., noted: "If you have a heart attack, people assume you must have worked very hard to get it. But they seem to think you must have done something dreadful to be punished with cancer."

Christina Smith now spends much of her time helping other cancer patients and their families adjust, mentally and physically, to a normal life. She recalls a visitor who accosted the already distraught wife of a cancer patient: "I guess you won't be needing your boat next summer! How about letting us have it?"

Some patients are no more enlightened. Some husbands and wives won't have intercourse for fear of infecting each other. One woman went home after a mastectomy or breast removal and used separate dishes, towels, and chairs. "She wouldn't even pick up her little baby," says Smith.

She encourages women who have lost a breast to talk about their feelings. "Many women go into complete depression," she explains. "They're afraid they've lost their sexual attrac-

tiveness. In many cases, it results in a separation - and the husbands may not even know what their wives are thinking."

She was fortunate. She had no choice but total honesty. "I had a five-year-old at the time," Smith laughs. "She bragged that she had the only mother on the block with just one breast!"

Recently, there has been controversy about two kinds of breast surgery. Smith had the same operation as Betty Ford, the U.S. president's wife. The entire breast is removed, along with the underlying muscles and the lymph glands in the armpit, in what is called a standard radical mastectomy. Some doctors believe a mastectomy is unnecessary. They prefer a "lumpectomy", removing only the tumor. Survival rates are almost identical.

Which is preferable? No one really knows. And the decision is not easy for the doctor, or the woman, or the man who loves her. One doctor had his life threatened by a patient who thought a mastectomy had mutilated her. A colleague, who chose to do a lumpectomy, now says: "I can see that patient growing steadily more fearful because I did not remove the whole breast."

Nowadays, when neither patient nor doctor knows which of two or more treatments is better for a particular type of cancer, they may take part in clinical group research. Richard Hasselback explains: "It's a bit difficult for a doctor to compare results if he treats only 10 patients a year with that type of cancer. So we get together, agree to let chance decide which treatment will be used, and keep records to compare."

After diagnosing the cancer, the doctor telephones the NCI on Adelaide Street in Toronto. They allocate, at random, one method of treatment for that patient.

"No one gets stuck with inferior treatment," Hasselback hastens to add. "This is done only when the choices of treatment are equally beneficial. If we find at any time one method shows less value than another, we drop it, immediately."

"If the physician - or the patient, for that matter - has strong feelings that treatment A is preferable to treatment B, it would be immoral and unethical for him to take part in these clinical experiments."

At the NCI, Tony Miller agrees. "You do this only when you simply do not know which choice to make. I don't see any other way of finding out which is the best therapy."

He speaks from experience. While working with the scientific unit of the British Medical Council, he was involved in lung cancer trials. One group got standard surgery. The second got surgery plus follow-up drugs. He learned the second group had higher hazards - and was just in time to stop the second method from being adopted as standard medical practice.

"I'm optimistic about cancer," Miller says. "At least people are more realistic than they were; we know now there's no magic silver bullet that will suddenly slay cancer."

"What we have to do now is apply what has already been discovered. And that's the unanswerable question: are people prepared to modify their habits, their values, and maybe their lives, to prevent cancer?"

Women's Institute March meeting

by Irene Moore

The Minden Women's Institute met at the Parish Hall March 19th at 2 p.m. with 25 ladies present. The president Mrs. M. Sears conducted the meeting. The roll call, "Your favourite Irish Song" reminded all of how many different Irish Songs there are.

The card party held earlier in March was a great success and the president thanked all who had helped. The District Executive Report given by Mrs. P. Clarke made us very happy to know that we are continuing to support our Foster Child. Mention was also made of District Annual to be held May 13th. Mrs. Sears read a poem en-

titled The Mischievous Angel.

The Public Relations Officers Report was given. It was decided to have a draw for a Grocery Basket at our Picnic Meeting in June with all the members donating gifts for said basket. Mrs. Kernohan reported that all the seats are filled for the Bus Trip and there is a long waiting list in case someone cannot go. Remember your fare must be in to Mrs. Kernohan by May 21st. Mrs. W. Walker reported on the Tweedsmuir Book but is still working on the History of the Area and hopes that many more family or historically interesting events

will be given to her. Remember this is the only way we have of preserving past events of our region and any help given her will be greatly appreciated. Surely you know some Family History you would like placed in the Book. Please help us keep the History of our Village and County alive for future generations. There are 2 Tweedsmuir Books on display at Minden Library and they make very interesting reading. Come and have a look. Pictures are also wanted. An Executive meeting is called at 1 p.m. at Minden Library on April 2nd to verify the itinerary of our Bus Trip.

The April meeting is to be at the Orange Hall on April 16th at 2 p.m. and the District president will be visiting us then. The meeting closed with God Save the Queen and W.I. Grace and while lunch was being prepared some favourite Irish Songs were sung by members with Mrs. Clarke at the piano. A very delicious lunch was served by the committee. A cordial invitation is extended to all Ladies of Haliburton County to attend our meeting in April. Remember like The Fair, we are the only Woman's Institute in the County and our membership is open to all. Do come and visit us.

ALL NEW EQUIPMENT

If you get the feeling good things are happening in Ontario

wait 'til you see what the new lottery does for us.

It's like a kind of awakening. More and more of us are getting into things.

Kids' baseball tournaments. The Hamilton Philharmonic. Jogging clubs, folk dancing, art classes, Bonspiels. It's happening all over the Province and it's only the beginning.

Now, we've got a new "Ministry" to help. The Ministry of Culture and Recreation.

Its job is simply to help each of us get more out of life.

At first it will co-ordinate things already under way. Like the Ontario Summer Games, the Science Centre, the Ontario Heritage Foundation.

But then it will start helping new programs. And

there are literally hundreds of opportunities.

Travelling theatre groups. New hockey rinks. Support for women in the arts. New libraries, in places where they don't even exist. Because part of the idea is to give all of us an equal chance to participate, wherever we live.

How can we do it all? Well, there's the funds from the new Ontario Lottery, starting just a few weeks from now.

The Lottery is expected to provide many millions of dollars. And every dollar we then put into the various programs will be for just one reason. To help each of us get more out of life.

So this is going to be one lottery where all of us win.

The Reeve's Corner

Last week we talked about the way that a Council must plan ahead to raise funds for the year.

ALL branches of expenditure are controlled in the same manner. Estimates for wages and salaries, for the operation of the arena, and other public services, just be made in advance, and then be included in the Budget that we talked about previously.

Any grants to organizations, any planned building or alterations to Municipal buildings, must be planned and estimated at the first of the year. After the Budget has been set, the Council has no other way to get more funds until the next year.

In explaining the above procedure, we can easily understand why Councils must sometimes say that no more funds are available for a new project in the middle of the year.

ALL Government bodies are supposed to operate in this manner, but sometimes at the Federal or Provincial level we see a special case where money is borrowed for something extra to the budget. In this case it is necessary to pay extra money for interest and bookkeeping. In a small Municipality this creates extra expense through interest and bookkeeping which are often unnecessary.

The Haliburton Highways

Now here's a little story - as you will quickly hear. About our Haliburton Highways and the land we love so dear. But as you travel on these highways with bumps and holes galore. You must sit back and wonder what your paying taxes for. And when the roads get icy we slip and slide along. The sand it must be made of gold the way it's sprinkled on. To keep your car roadworthy is a task beyond compare. The driving is no pleasure it's only wear and tear. We also need those buses to drive our child to school. It costs money for their licence to keep within the rules. The brains that drive our Highways I assume they must be dead. The only sign of work we see is bump and bump ahead. We also buy insurance to get from here to there. And all that we get in return is a bunch of good, hot air. To drive on such highway is a crime for you and me. One twenty one is just as bad As Highway 503.

TAX TIPS

Q.

The expression, moving expenses, probably means many things to different people. Can you be specific regarding the types of moving expenses which can be deducted from income for income tax purposes?

A.

Yes, moving expenses would generally include the cost of travelling from a former to a new residence, including meals and lodging while en route, transportation and storage costs for household effects, and the cost of up to 15 days temporary board and lodging near the former or new residence.

Q.

What about the cost of cancelling a lease, advertising and legal costs, or real estate commissions. Are costs of this nature regarded as moving expenses?

A.

Yes. Each of the items you mentioned is included in moving expenses. We should probably mention that expenses for any work done to improve the property before sale, or mortgage penalty when the mortgage is paid off before maturity, or any loss incurred on a sale are not included in moving expenses.

Q.

My wife and I were married in September. She was working before marriage but has not worked since. Can I claim the full married exemption of \$1,492 for her? What does she do about filing a return?

A.

If she received no income after your marriage, you may claim the full married exemption of \$1,492. Otherwise, calculate your exemption taking into account only the income she received after your marriage. If your wife is taxable or had tax deducted from her salary, she must file her own return.

MUST STOP FOR SCHOOL BUSES

The Minden O.P.P. would like to remind all motorists that they are required to stop for a school bus that is discharging students and has the red flashing lights in operation. Motorists are required to stop when approaching the bus to the front or the rear, until the red lights are no longer operating. Failure to stop is a serious hazard to our children and an offence which carries a fine and 4 demerit points.

Read your Tax Guide. It will tell you what's new.

This year the Federal Government has included many new tax benefits that are important to you because they could save you money.

Your federal income Tax Guide explains them thoroughly.

Let's take the Interest Income Deduction as an example. This year for the first time, if you received and reported on your income tax form interest income from many legitimate Canadian sources, including bank deposits, bonds, mortgages, and notes, you are allowed to claim as a deduction the total of the amounts up to \$1,000.

Your Tax Guide explains it in detail. Check Item 35.

Increased Personal Exemptions is another item that has changed from last year. All it means is that the Federal Government has increased your personal exemptions to coincide with the rise in the Consumer Price Index. The new personal exemptions are printed on your income tax form. Guide Item 41 tells you more about it.

Well, those are just some of the areas where it pays to follow your Tax Guide and, of course, there are others. The Federal Political Contribution Tax Credit is new as well. Guide Item 52H will tell you all about that one. This year, Family Allowance

Payments are income and have to be declared as such. Check Item 7.

Remember to check some of the other items listed in the Tax Guide which may entitle you to claim deductions, such as Child Care Expenses. Guide Item 33 tells you all about that one. And you may be entitled to deduct your Moving Expenses if you moved during 1974 to earn income in a new location in Canada. Check Item 34B carefully for the details.

And don't forget, if you have contributed to a Registered Retirement Savings Plan, be sure to include your receipt and deduct the allowable amount. Guide Item 29 explains it in detail.

Use your Tax Guide and fill in your tax form carefully, step by step. You'll find it's not as difficult as you think.

If you should have difficulties, however, District Taxation Office addresses and telephone numbers are listed on the back page of your Guide.

Tax Guide '74. How long has it been since you've read a really good book?

We're making it easier to understand.

HALL'S LAKE NEWS

by Doreen Stinson

School is out for some students so a lot of families have come up to enjoy the last fling of Winter. The Clark's and Montgomery families enjoyed a 40-mile run on Sunday and a cook-out.

The Elgin Stouffer family are off to Florida for an Easter and school break.

Not too many turned out to Hyland Crest St. Patrick's Party but the Residents and Auxiliary and those who did attend played Euchre, checkers, cribbage, crokinole, dominoes or whatever they wished to play. A prize was given to the lucky winner of a draw for each table. Refreshments were served fairly early, prepared by Mrs. Rawlins and the Auxiliary and Staff. Good music on both piano and organ by Mr. Ballard was also enjoyed. Decorations were attractive. Auxiliary members assisted in the serving and announcements for prizes made by Norman Gilmore, President.

It was good to see Mr. Norman Taylor, well over 80 years of age, enjoying himself at the St. Patrick's Party at Club 35 the other Saturday evening. He certainly deserves a lot of credit for keeping his youth and ability to dance and enjoy an evening out like that annual party.

The MacFarlane's of Fort Erie are staying at Sandy Lane this week and attended St. Stephen's Church on Sunday. Some of the things we wonder about are why we must have a Postal Code, a Metric System, Daylight Saving Time, and why the Government has to change names of various departments such as the Department of Highways to Department of Transportation and Communication. Millions of dollars are spent on changing systems, machinery, letter-heads, lettering on trucks, office doors, etc. Has the New Math helped? Has amalgamation of Counties helped? Have the larger schools with more bussing of children helped? All of these things are experimental and we are the guinea pigs and already we are seeing the results of some of the so-called great improvements! The \$5000,000. being spent to get the "WHY NOT" programme off the ground is another example of wild spending. Equal pay for equal work is a good thing, but at what cost? A woman should have a share in her husband's farm if she helped to build it, or any other business which she worked years to get, but there aren't too many women today who need "liberating".

Mr. Steven Koppel is busy working on "Hawk River Valley", the former Happy Land Campsite, which is planned for only people who wish to share peaceful relaxation away from polluted and noisy city life. Mr. Koppel was one of the Designers for the construction of Applewood Place, an apartment tower in Mississauga which received high praise for its many features, making it more than just an apartment building. Mr. Koppel's wife and daughter are also ardent workers in their new project.

Mr. & Mrs. Bruce Bagshaw were guests of the Bill Lindsay's for a few days and joined in the Party at Club 35, stating what a good time they had. They have been coming to Hall's Lake for years for their vacations.

The Meeting of the Hyland Crest Auxiliary called for Monday Night was cancelled due to dangerous driving conditions. We are getting together Wednesday evening instead. The Big Fashion Show is all set for May 3rd and we trust you will all get your tickets early from the Members of the Auxiliary. The lady from the Wee Boutique

is providing the clothes this year, but local models will be in action, and music by Mr. Hart.

Have just been informed that the Stanhope Firemen are sponsoring a St. John's Ambulance First Aid Course for five weeks, starting Wednesday Evening April 16th at the Firehall on the North Shore Road. Men and Women interested in brushing up or learning up to date techniques of first aid are welcome to join and the Fee is just \$12.00. The sessions commence at 7:30 and should be interesting, helpful and very worth-while. Mr. Lloyd Johnson is to be the Instructor.

The Firemen are also sponsoring a 50-50 Draw to take place on June 30th and would appreciate your support as this is a volunteer group of men and they do have expenses to meet. They hope to have a Ball again this Spring or Summer but the date for this will be announced later. We wish Peter Sawyer and Irma Bock well. Both are on the sick list from this little community. Happy Easter. St. Stephen's service will be at 3 P.M. Sunday.

Operation Superintendent

\$22,000 - \$30,000 PER ANNUM

(This competition is open to both men and women)

The Algonquin Forestry Authority (A.F.A.) requires an individual to be responsible, under the general manager, for: development and control of integrated logging programs; the production of saw-logs, veneer bolts, poles, pulpwood and other special forest products; the evaluation of grades; distribution of appropriate grades to various mills; liaison between A.F.A. and companies re: product quality and prices.

Location: Huntsville

Qualifications: 1) A degree in Forestry from a university of recognized standing or its equivalent in education and experience.

2) Several years experience in both logging operations and mill production, preferably in the tolerant hardwood forest.

Applicants are asked to write in confidence, giving full curriculum vitae and references, by April 10, 1975, to: Algonquin Forestry Authority, P.O. Box 910, Station "F" Toronto, Ontario.

COUNCILS MEET

Glamorgan

The regular council meeting was held on March 5/75 in Council Chamber. Stanhope

Members present included Reeve Nesbitt, Deputy-Reeve James Harrison, Councillors Harry Davis, John Tomlinson and B. Napier Simpson. Also, in attendance were Al Rawlins and Cecil Irwin as interested citizens and ratepayers. Moved by John Tomlinson Seconded by Harry Davis Be it resolved the minutes of the regular meeting held February 12, 1975 and also the minutes of the Special Meeting held February 16, 1975 be adopted as circulated. Carried. "James Harrison voted Nay" Moved by Harry Davis Seconded by Jim Harrison Be it resolved this council unanimously concurs with County Council's recommendation that September or October is too early for Municipal elections and would recommend the first of November as an alternative to present legislative provisions. In any event the Municipal fiscal year should end one month after Municipal elections. Carried. Moved by Jim Harrison Seconded by B. Napier Simpson Be it resolved that the Clerk be authorized to invite Mr. Douglas Russell, Reeve of Sherbourne, McClintock and Livingstone to the next council meeting to discuss fire

protection. Carried. Moved by Jim Harrison Seconded by B. Napier Simpson Be it resolved that council amend resolution No. 19 dated February 12, 1975 being a resolution to approve of a cancellation or refund of 1974 taxes on properties described in Section 636 file #s 75-1 to 75-3 inclusive. The specific amendment to revoke 75-3 Section 636 application from the resolution and consequently cancel any decision on this application. Carried. Moved by Jim Harrison Seconded by Harry Davis Be it resolved the clerk advise Mr. and Mrs. John Yate-man, R.R. # 1, Haliburton, Ontario, the problem with regard to water drainage near their property, has been brought to the attention of the Road Superintendent for further inspection when weather permits. Carried. Moved by Jim Harrison Seconded by John Tomlinson Be it resolved that council hereby request a supplementary allocation of \$25,000. subsidy moneys for expenditure in 1975 on construction of roads and bridges under the jurisdiction of this Township. This money to be expended in accordance with the Public Transportation and Highway Improvement

Act. Carried. Moved by Jim Harrison Seconded by John Tomlinson Be it resolved the Clerk be authorized to call for tenders for the crushing of 8,000 cubic yards of gravel, in one (1) set, same to pass through a 3/4" screen and contain 60% stone. Price to be at belt. Tenders to close April 8, 1975 at 5 p.m. Work to be completed by May 17, 1975. Lowest or any tender not necessarily accepted and same to be subject to the approval of Ministry of Transportation and Communications. Carried. Moved by John Tomlinson Seconded by B. Napier Simpson Be it resolved the Clerk and Mr. Harry Davis, representative from Council to the Stanhope Airport Committee review the proposal by Mr. MacLean for a fixed base operation at the airport and revise in accordance with verbal discussions by council members as a whole. The revised proposal to be forwarded to Mr. MacLean for approval. Carried. Moved by Jim Harrison Seconded by B. Napier Simpson Be it resolved that general accounts totalling \$1,770.25; February Welfare totalling \$1,512.70 and Road Voucher #2 amounting to \$3,844.56 be allowed for payment.

Carried. By-Law 75-8 to authorize an amendment to Schedule "A" of By-Law 74-17, was received and read a first time. Carried. By-Law 75-8 was read a second time and referred to a committee of the whole council with Jim Harrison appointed chairman.

Carried without amendment. By-Law 75-8 as reported by the Committee of the Whole was read a third time, passed signed and sealed. Carried. At this time council observed two minutes silence in memory of Thomas A. Welch who served faithfully as

Cancer can be beaten.

Clerk of the Township from 1935-1971. Moved by Jim Harrison Seconded by Harry Davis Be it resolved this meeting do now adjourn at 5:15 P.M., until April 9 at 9:30 A.M., unless called sooner by the Reeve. Carried.

Anson Hindon and Minden

11:00 A.M.- Solemn of The Resurrection

The added touch

by Marjorie Elwood

Crisp cooking

The discovery of "dip, roll and bake" cooking began with the search for a greaseless way to fry chicken. It was found that cornflake crumbs mixed with herbs, seasoned salt and pepper, made a coating not only for chicken but also for fish fillets, kebobs and cutlets that was golden, crisp and delicious. This coating is a boon to the cook using it because she can put the oven to work to bake the chicken instead of hovering over a frypan. It is also a boon to the calorie counter for no fat is used. The herbs in the coating may be one or more of these-marjoram, thyme, rosemary, oregano, sage and savoury with a modicum of paprika for colour and curry powder for special flavour.

Crisp baked chicken

(4 to 5 servings)

3 1/2 lb.	chicken or chicken pieces
1/2 cup	evaporated milk (undiluted)
1 cup	cornflake crumbs
1 teaspoon	seasoned salt
1/8 teaspoon	lemon-pepper
1/2 teaspoon	paprika
1/2 teaspoon	ground herbs (thyme, savoury, oregano, rosemary or marjoram)

Combine crumbs with seasonings. Dip chicken pieces in milk, then roll in crumb mixture. Place, skin up, in foil-lined shallow baking pan. Bake in moderate oven of 350 F. until fork-tender - about 1 hour. Serve hot with curried fruit.

TREASURER

\$17,000 - \$25,000 PER ANNUM

(This competition is open to both men and women)

The Algonquin Forestry Authority (A.F.A.) requires a chief financial officer to be responsible, under the general manager, for: establishing an accounting system; all financial and administrative aspects of the A.F.A.; payrolls; payment of contractors; collection of revenue from the sale of forest products; annual reports; supervision of office staff.

Location: Huntsville

Qualifications: Member of a recognized accounting organization (C.A., C.G.A., R.I.A.); several years of meaningful corporate experience.

Applicants are asked to write in confidence, giving full curriculum vitae and references, by April 10, 1975, to: Algonquin Forestry Authority, P.O. Box 910, Station "F", Toronto, Ontario.

Curried fruit

(4 to 5 servings)

15 oz. can	peach halves
14 oz. can	sliced pineapple.
1/4 cup	margarine
1/2 cup	brown sugar, paked
1 to 1 1/2 teaspoons	curry powder

Drain fruit (use syrup in desserts and sauces). Arrange fruit in shallow baking pan or casserole. In small saucepan, melt margarine with sugar and curry powder. Pour over fruit. Bake with chicken in moderate oven for 1 hour. Serve hot.

Crisp fish fillets

(4 servings)

1 1/2 lbs.	fish fillets (haddock, sole, perch)
Melted butter	
Capers and chopped parsley	
1/2 cup	evaporated milk (undiluted)
1/4 cup	prepared mustard
1 cup	cornflake crumbs
1 teaspoon	seasoned salt
1/8 teaspoon	lemon-pepper
1/2 teaspoon each of	thyme and marjoram

Cut fillets in serving size pieces. Combine evaporated milk and mustard. Mix crumbs with seasonings. Brush one side of each fillet with melted butter and sprinkle with a teaspoon each of capers and parsley. Roll jelly roll fashion and fasten with a wooden pick or small skewer. Dip each roll in evaporated milk and then roll in seasoned crumbs. Arrange in foil-lined shallow pan. Bake in moderately hot oven (375) until fish flakes easily with a fork - about 20 minutes. Serve hot with Tartar Sauce.

CATHOLIC CHURCH MINDEN

Holy Week

Palm Sunday, Mass-----12.15 p.m.
 Holy Thursday, Mass-----5.00 p.m.

 Easter Sunday, Mass-----12.15 p.m.

ABOUT THE TOWN

with Jeanné Sears

Noted in the Weekend Star that the price of a quart of milk in Canada is second highest in the World, topped only by Hong Kong at \$1.00 with New Zealand the lowest at 11 cents. This is supposed to be a necessary part of nutrition but rising costs of machinery and labour have pushed milk price out of sight. We often wonder how people on fixed incomes get their required food.

Sincere sympathy to the family and friends of the late Basil (Bud) Howe whose funeral was late last week.

If it is very painful for you to criticize your friends, you are safe in doing so. But, if you take the slightest pleasure in it, that's the time to hold your tongue. Alice Miller

The Figure Skating Club will be having their Rummage Sale later in the Spring and you could set aside good used articles for this and call Mrs. F. Miller or Mrs. R. Parisotto for details.

There was a large crowd enjoying the Hockey Game followed by a Social Time at the Recreation Centre last Saturday night.

At the Card Party last Monday night by the Sunday School of St. Paul's Anglican Church, winners were for euchre Alice Clark, Jean Hewitt, Bill Hounsell, Earl Hewitt and lone hands Ruth Kellett; for cribbage Bill Bennett Cora Hewitt, Yvonne Arbuthnot and Fred Wright. After the games all enjoyed the delicious lunch and cup of tea.

Weekend guests with the Ern Hewitts included Fred, Neil, Foster Hewitt of Toronto and Mr. and Mrs. Alec Beattie and family of Richmond Hill.

Another lucky lady at Rotary Bingo last Thursday night when Linda Wood won the first Snowball of \$77 in 20 numbers called.

The rain froze as it fell,
 Molding a brittle shell
 About each bud.
 Leaves silver-chased,
 Were sheathed, glass-encased
 By the sudden flood
 And twigs tinkled and snapped
 In the icy claw
 Of a giant, ghostly bird,
 The silver thaw.
 Ethel Jacobson.

At the Mini Card Party at the Parish Hall last Thursday afternoon winners were for cribbage Bill Bennett and Ann Dawson; for euchre H. MacMinn, N. MacMinn and lone hands Johann Beattie.

New arrival is a baby girl for Laurel and Dan Austen and first granddaughter for the Ted Duncans and the Nelson Austens.

All their friends send good wishes to George Kendall, Morgan Trumbull, and Jack Cluff who are all in hospital.

Captain and Mrs. Bob Davidson, Michael and Tracy of Ottawa spent the weekend with the George Davidsons and the grandchildren stayed for the holiday week.

Do you think this is true--Youth is when you blame all you troubles on your parents; maturity is when you learn that everything is the fault of the younger generations. H. Coffin.

Weekend guests with her parents Mr. and Mrs. M. Sears were Mr. and Mrs. Reg Leaman Jr. and family of River Drive Park.

Did you know that two of the shops in the Country Mall just being completed beside the Progress will be opening this week. The Mall looks very attractive and is a fine addition to the shops in the village.

Hint of the week--If you set your can of enamel paint in a dish of hot water before painting it spreads on smoother.

The students are now on the Mid Winter Holiday, and we hope none of them decide to go exploring on rivers or creeks. The fish huts are being removed from the lakes as well, so this sport will soon be over.

Our snow is slowly going, but we will likely have some nasty weather yet but Spring is on its way.

(Check mail next time.)

Kinette Korner

by Peggy Brown

The regular meeting of Kinettes was held March 11th, at Fogg's Restaurant in Carnarvon with 19 present. This was initiation and nominations night.

The mystery Kinette for the evening was Freida Colman and Chinese Auction was won by Peggy Brown.

The following Kinettes were initiated into Minden Kinette Club:- Margaret Prentice, Penny Hewitt, Frieda Colman, Cathy Bushell, Terri Wyllie. Welcome girls, we do hope you enjoy being a Kinette. Nominating Committee Linda McKnight, Joan Fennell and Peggy Brown brought in a slate of officers which will be voted on at our next meeting in April as this meeting will be Election of Officers.

A most enjoyable time was had by all at the Kinette St. Patricks Dance, we had a very good turnout and wish to thank all those who supported us as the proceeds from this dance will go towards Community projects. Kinette Diane Booth and her committee planned a lovely evening for all and had our Community Centre decorated in a truly Irish atmosphere. The D.J. for the evening was Kinsmen Larry Kendall from Pt. Perry who very graciously played overtime for us and donated this overtime money to C.F.

All Kinettes are now busy planning for their annual Anniversary Dinner Dance in May, with Kinette Noreen Farnsworth and her committee heading this event.

Ministry of Health

Hon. Frank S. Miller, Minister

\$14,475

to Lindsay senior citizens

Ottawa, March 17, --A grant in the amount of \$14,475 will go to the Senior Citizens' Association of Lindsay, Ontario.

The Hon. J.H. Faulkner, Secretary of State, made the announcement of the grant under the New Horizons Program, on behalf of the Minister of National Health and Welfare.

The Lindsay Senior Citizens' Association had requested a grant to expand and enhance its existing program, to encourage greater participation. A variety of crafts and games activities and a newsletter are among the proposed new features.

This project, entitled "Senior Citizens' Welcome Centre", will involve 350 people, and is under the sponsorship of the Senior Citizens' Association of Lindsay.

M.D.'s wife hurt in crash

Injured in a head-on collision Monday near the northern Ontario town of Sturgeon Falls, Mrs. Irene Chapman, wife of Dr. Dennis Chapman of Haliburton, was transferred Wednesday to hospital in Peterborough by ambulance.

She is reported to be suffering a badly fractured leg and severe shock.

A passenger, Mrs. David Knott of Wilberforce, was treated for lacerations following the accident.

Along The Trails

with
The Highland Snowmobiler
and Roy Bates

Pat Waddell and Russell Sisson, both of Haliburton Forest, went to Timmins and Hearst recently to see two snowmobile trail grooming machines just imported into Ontario, and to ride the resultant excellent trails.

The groomer used by the Ministry of Natural Resources at Timmins, according to Pat, is a sophisticated expensive affair that grooms well enough but can broken quite readily. For mobility, its hydraulic pistons can fold the groomer compactly on the back of the SV 200 towing machine.

The grooming ensemble purchased by Hearst's Club Voyageur makes a twin track, each fifty inches wide and separated by an eighteen inch wide median of snow. The club uses timber access roads which are straight and flat and groomed smooth.

Pat suggests, if you go to Hearst to see these wonderful trails, that you take a fast machine. Also, that you stay downtown at the Northern Seasons Motel, where Claude and Manon Jaques, the owners, are excellent hosts. (705) 362-4281.

Voyageurs' president, Robert Vaillancourt, says that Hearst's snowmobiles average one and one half per family. Speaking of grooming equipment, we understand that the Ministry of Natural Resources in Minden are quite pleased with the "Bombl" which was put into service on trails in the Minden District this year. The HCSA, looking to upgrade its own grooming effort, is hopeful of obtaining one or more of these tractor-like towing machines for next season.

Anyone who missed the general meeting of the HCSA in the West Guilford Recreation Centre, March 18th, missed a very informative talk by O.P.P. Constable Wm McGee, and a couple of interesting films. Constable McGee quite adequately explained the more perplexing points in the new Snow Vehicle legislation. His was not simply a reading of the act, he took time to interpret it from the viewpoint of the enforcement officer.

An interesting film from Benbardier pretty well sketched most of the myths pertaining to snowmobile damage to the environment. But its message was crystal clear. Stick to the authorized trails, for someone undoubtedly places great value on the young trees you are sure to deform with indiscriminate riding. A second film, from Molson's, gave an exciting account of the seventh Winnipeg to St. Paul Five Hundred.

Chairman Jennings called upon various members of the Board for a resume of the activities of this most productive season for the Association. Highlights were the dry land trails project, Snowaram, successful fund-raising events, and a substantial increase in membership.

These general meetings will be held more frequently if we can find a formula for increasing attendance. Take an interest in your club. Its greatest interest is you. Last dance of the current season is Snowball Roundup, March 29th at the Haliburton Legion. Help us make this one the most successful to date. And watch for other social events throughout the "off" season.

Environment Ontario offices in Gravenhurst-Huntsville

Twenty-four local residents are associated with the offices of the Ontario Ministry of the Environment that are located in Gravenhurst and Huntsville. The offices, part of the Ministry's recent decentralization and regionalization program, are open to the general public

during normal working hours, Monday to Friday, and prepared to handle all local environmental inquiries. The major environmental area being given prime attention by the staff of the Gravenhurst and Huntsville offices is municipal and private waste abatement under

the direction of Bill Balfour. Nineteen additional environmental officers completed the office professional staff, plus five in the office support services. Fifteen of the environmental officers work out of the Gravenhurst office and four from the Huntsville office. The offices' area of

jurisdiction covers the Regional Municipality of Muskoka and the County of Haliburton.

Those wishing to contact the Gravenhurst office by phone should call 687-3408, or the Huntsville office at 789-2386

Today, higher education is more important than ever before.

This is what Ontario is doing to help make it available to everyone.

Ontario is the best place in Canada to get a higher education. Why? First, the range and diversity of programs our institutions offer. Second, the Ontario Government programs that help students finance their education.

Already, 2 out of 5 students at Ontario colleges and universities are receiving financial aid through the Ontario Student Assistance Program (OSAP). OSAP assists full-time post-secondary students with government-financed loans and grants

based on need, not on academic achievement.

Now, starting with the 1975-76 academic year, there will be two new programs.

The Ontario Student Loans Plan is designed to help students who are ineligible for aid from OSAP. It will benefit part-time students, some students enrolled in upgrading programs and those taking programs which are shorter, or have different entry standards than required by OSAP regulations.

The Ontario Special Bursary Program gives non-repayable grants to people in serious financial need, particularly those who can improve their financial situation by taking one or more courses. It's designed for part-time students who receive social assistance, are unemployed, or who have a low family income.

If you would like to know what financial assistance is available to you, and how to apply for it, contact the Student Awards Officer at the institution of your choice. Or write to:

Bowling

FENELON WINS SECOND LEG

On Sunday in Fenelon Falls, the host club came up with their first Mixed Bowling Tournament win of the season. Fenelon edged out runner-up Lakefield by fourteen points. Bancroft's two entries in this tournament placed third and fourth, while Carnarvon's two mixed teams continued their erratic play, finishing out of the money for the second straight tournament.

The locals did pick up three of the individual awards however. Fred Cox took the handicap single award with 327, Eva Stata walked off with the ladies high single with handicap of 302 and Verna Wagg won the high triple flat prize with her fine 658.

The third segment of this four house tournament continues in Carnarvon on Sunday, April 13th at 1 p.m., lets hope the locals get back on the winning track in this tournament.

BRACEBRIDGE WINS TO EVEN SERIES

In mixed bowling tournament action between Carnarvon, Bracebridge and Gravenhurst, the series is now tied at one win for each house.

Bracebridge came up with their first victory on Sunday at their home alley with a slim twenty pin win over arch rival Gravenhurst.

The final standings found Bracebridge #1 first, Gravenhurst #1 second Carnarvon #3 third, Dorset fourth, Gravenhurst #2 sixth.

Individual awards went to Ed Whiteway with his 318 single with handicap and to Eva Piper for her flat single of 251. The start of the second series between these three houses is tentatively slated for Carnarvon on Sunday, April 6th at 1 p.m. Keep your eyes on the Coming Events board at Medley's Bowl & Dance for the exact date.

LIL MARTIN FIRST LEAGUE CHAMP FOR '75

Lil Martin held off a determined bid by Nola Denelko to win the United Church Bowling League Championship last Tuesday afternoon, 114 to 109 points. This enabled Lil to capture the first Bowling Championship of the 1974-75 season.

Third place in the league went to Verna Wagg, with 94 points, fourth went to Ruby Francis with 91 points, fifth to Marnie Bunn with 85 points and sixth to Shirley Hughes with 74 points.

Individual winners on the year went to; for high triple Verna Wagg, 801, High single to Nola Denelko with 314 and a tie for high average between Gladys Wruth and Lil Martin with 190.

The play-offs should be very exciting in this league, as the past month has seen some real upsets in league action.

Curling-Otto Daniell's Switzerland rink is the new 1975 Air Canada Silver Broom World Curling Champions. On Saturday in the semi-finals the Swiss knocked off Canada 6-4 in one of the sloppiest played curling games this reporter has ever witnessed in world calibre play.

The Swiss then met the United States in the final on Sunday and the Americans played worse than the Canadians if that could be possible. The Swiss made many mistakes of their own but each time their opposition would make worse. With their 7-4 victory over the U.S., the Swiss rink became the first Swiss team to ever win the World Title. They were also the youngest rink ever to win, with an average age of 29 years.

HOCKEY- Darrel Stamp was released by the Toledo Gold-diggers of the International Hockey League last week and as yet, hasn't been picked up by any other team in the circuit. Craig his brother, is still with the Diggers. Craig and Darrell are sons of Mr. & Mrs. Grenville Stamp of West Guilford.

How about a little trivia. If the Toronto Maple Leafs were still able to play in the old six-team loop of the pre-1967 era, they would be sailing along in second spot behind Montreal with a 11-6-4 record.

BASEBALL- The Montreal Expos gave up three very good ball players last fall in Ken Singleton, Mike Torrez and Ron Fairly. All the experts said that in so doing the Expos would be wallowing in the cellar this coming season.

Well, folks, the Expos picked up some pretty fair country players for these three and are presently 12-4 in the grape-fruit league.

Lyle Carter and Larry Parrish appear to be extremely talented players and the Expos have also added some speed to their roster and should be a very exciting ball club indeed this summer.

ATOMS WIN COUNTY CHAMPIONSHIP

The Minden Atoms became league champions by defeating Wilberforce by a score of 3 to 1 in the final playoff game. The team had won a playoff birth by finishing first in their division over the regular schedule.

Competition had been close all winter between Minden, Haliburton and Wilberforce and only a fine team effort allowed Minden to overcome the flashy Wilberforce team. Andy Pristol opened the scoring and by the third period Colin Newell had added two more to give Minden the 3 to 1 lead. Great backchecking and flawless defensive play complemented very strong goal tending for the Minden team.

With one minute left in the game Wilberforce was awarded a penalty shot due to a misunderstanding of the rules but James Hutchison made a spectacular save to preserve the lead.

The Glen Dart Memorial Trophy was awarded to team Captain, David Stribling and all the boys received championship crests. James Hutchison received the trophy as Minden's star of the game.

McKay Brydon and Ted Reid who assisted with this team feel their good showing was due to fine team spirit.

CURLING

by J.O. Jackson

On Sunday March 16th the Minden Curling Club held their annual Irish Spiel, and pot-luck supper to wind up their 1974-75 season. The entries for this bonspiel were all from the Minden Club, and the highlight of the whole competition was the fact that most of the skips for the day had never held the broom in 'spiel competition previously. Eight rinks competed, skipped by Don Hall, Lyle Archer, Joe Rivers, Gareth Kellett, Art Hodgkinson, Don Mann, Bob McIntosh, and Paul Prentice; and prizes were won by the following rinks - Paul Prentice, Don Hall, Art Hodgkinson, and Lyle Archer.

Mrs. Ada Campbell arranged for the usual delectable pot-luck supper, Mr. Herb Gill performed as the perfect host, and Don and Marilyn White entertained the after-dinner guests with, fiddle, banjo and guitar numbers- needless-to-say, they had much help from many would-be choristers.

Jean Jackson found time to hang some traditionally Irish items (green fer surre) around the club-rooms, and the Irish Rovers made their presence felt all day through their many grand records.

CURLING CLUB NEWS

by Bob McCallum

On Mar. 23/75 the curling was completed for the year 1974 - 1975 at the Minden Curling Club. Two games were played between the winners of the Thursday night "A" series and the Friday night "A" series. Also the winners of each "B" series played.

The two games were more interesting and more exciting than the world curling which was on at the same time. The winner of the "A" cup was Don Blakey's Rink from Thurs. Night.

Skip- Don Blakey
Vice Skip- Elaine Blakey
Second- Joan Ballard
Seond- Sandy Stewart
First- Jean Ballard

Joe Rivers threw second stone for Don on Sunday. The "B" winner was Phil Graham

His Team Skip - Phil Graham
Vice-Skip- Jane Graham
Second- Jim Elder
First- Barb Elder
The Punner's up in B series was Watson Yake.
Skip- Watson Yake
Vice Skip- Helen Yake

Second- Doug Campbell
First- Ada Campbell

The opposition provided to Don Blakey was Friday night second place team.

Skip- Bob McCallum
Vice Skip - Helen McCallum
Seond- Garth Kellett
First- Catherine Kellett

On Sunday Gwen Cox three

On Sunday Gwen Cox threw first stone for Cathy.

The afternoon was enjoyed by many spectators as well as the curlers because Jane Braham had set up the upstairs room with snacks and refreshments and many thanks go to Jane for her efforts

The following are the standings for the playoffs.

Men's Tues. Night.
Winners- Alex Millar
2nd - Perc. Britnell
3rd - Watson Yake
4th - Ed Pettinger
5th - Herb Gill
6th - Harold Morgan
Wed.-Thurs. Mixed

Winners "A" Division- Don Blakey
2nd - Alex Millar
3rd - John Holton
4th - Bruce Scribner
5th - Cec. Yearwood
6th - H. Duncan

Winners "B" Division - Phil Graham
2nd - D. Thomas
3rd - D. White
4th - E. Pettinger
5th - J. Pillsworth
6th - S. Payne
Friday Night Mixed

Winners "A" Division - J.O. Jackson
2nd - P. McCallum
3rd - D. Mann
4th - D. McGee
5th - H. Gill

Winners "B" Division- W. Yake
2nd - P. Britnell
3rd - D. Hall
4th - W. Jarvis

It was a good season of Curling with a lot of fellowship afterwards.

Remember the banquet on May 10th, 1975 and if you require tickets contact: Mrs. Ada Campbell.

TODAY'S HEALTH

Retirement planning brings fuller life

by David Woods

Medical science has done a great job in prolonging life; what's needed now is an emphasis on improving the quality of life in the later years.

And that's not an add-on process. It's built in. Few people can suddenly begin a career as a novelist, say, in their 60s — as Robinson Crusoe's author Daniel Defoe did. If the gold watch that symbolizes retirement is not to mark off slow hours of boredom and inactivity, it's essential to prepare for old age long before it happens. As Dr. Robert Laird, medical director of Toronto's Geriatric Study Centre, points out, retirement should be a rewarding experience, an opportunity for a new and varied life.

In Canada, the major causes of death in the under-65 age group are heart disease, cancer, and various forms of accidents — especially those involving motor vehicles. Together, these account for more than half of all premature mortalities.

But mortality patterns vary significantly between men and women, and in each age group.

For example, among people aged between 15 and 30, accidents and suicide account for more than three-quarters of all deaths; heart disease doesn't begin to show up as a factor in male mortality until 30-plus, but accounts for one-quarter of deaths in men between 40 and 44, moving to a fairly constant 35 per cent in the over-50s.

On the other hand, while heart

disease is not nearly as prevalent a factor among women under 60, breast cancer is a significant cause of mortality in women over 40.

Despite these rather chilling figures, life expectancy for Canadians has increased considerably in the last 30 years — from 63 to 69.4 for males, and from 66.3 to 76.5 for females. And of the 157,272 deaths in Canada in 1971 (the latest year for which figures are available) well over half were among those who had lived out their biblical three score years and 10.

A closer look at the statistics shows that much early mortality and disease results from lifestyle rather than with such factors as heredity or infection: cancers attributable to smoking; heart disease accelerated by inactivity, overweight or fatty diets...

In other words, the quality of life in old age has quite a lot to do with health habits acquired earlier in life. So it's well worth preparing for retirement long before it happens, and not only by developing sensible patterns of daily living but by cultivating "lifetime" interests and hobbies — such as reading or gardening — that will enrich the later years.

Simply stated, the aging process occurs mainly through arteriosclerosis — hardening of the arteries. Some people are senile at 65, while others at 90 may not be.

You can't ward off old age indefinitely, but you can prepare for it by sowing early the seeds of a healthy and happy retirement.

OBITUARY

After a lengthy illness, Grant Hewitt entered quietly into rest at Toronto General Hospital on Mar. 12, 1975.

Born at Minden on November 7, 1929, he was the youngest son of Allen and Florrie Hewitt who predeceased him in 1970 and 1972, respectively. His twin brother died at Birth.

Surviving are his wife, Shirley, of Minden, a daughter, Gall, of Toronto, and a son Dean, of Minden. His brother, Basil, and sister, Clara, both of Minden.

The many floral tributes and donations to his memory reflected the admiration which his friends held for him in his devotion to his work. He was employed by the Ministry of Transportation and Communications for 24 years.

The body rested at the John Welch Funeral Chapel until Friday, March 14 where the funeral service was conducted by Rev. Brown at 1:30 pm. Out of town friends and relatives attended from Huntsville, Dwight, Oshawa, Toronto, Sudbury and New Brunswick. Pallbearers were Ken Piper, Frank Wright, Gordon Kellett, Laverne Cowan, Alvin Miscio, Wayne Toye.

Temporary interment was at Ingoldsby Cemetery Vault with spring interment to be at Minden Cemetery.

BIBLE FACTS

by S.S. Thorkelson

John 1-3, verse 14 in the King James version of the Bible reads: "In the beginning was the word, and the word was with God, and the word was God. The same was in the beginning with God."

"All things were made by him; and without him was not anything made that was made. In him was life; and the life was the light of men."

"And word was made flesh and came and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the father), full of grace and truth."

To all good and sincere people who pray and teach that such a one should not enter into politics, (ie. the leadership and administration of the nation and of government) of all the fleshy beings he came to dwell among.

How could such prayer and such teaching come from anywhere but the confines of Satan's gangsters' pocket?

HOWE - In loving memory of a dear Mother and Grandmother Mae who passed away March 28, 1973. As time unfolds another year
Memories keep you ever near
Silent thoughts of times together

Hold memories that will last forever.
Always remembered, Always loved
Ross, Barb, Wendy, Susan and John.

BARRY - Ida
In loving memory of our dear Mother and Grandmother who passed away two years ago. It seems so strange that those we need and those we love the best are just the ones God called away and took them home to rest. But every time I think of you Mother, I seem to hear God say 'I've faith and trust my promise, you'll meet again someday'. Lovingly Remembered by Mervin, Lois and Children.

CARD OF THANKS

The family of the late Grant Wilson Hewitt wish to express their sincere thanks and appreciation to all friends and relatives for floral tributes, cards and all acts of kindness shown to us during the recent loss of a dear husband and father. Special thanks to the nurses and doctors of the Toronto General Hospital Dr. Koval, the staff of John Welch Funeral Directors, Fr. Brown and the ladies of the St. Paul Anglican Church.

I wish to extend a heartfelt thanks to all our friends and relatives for the many beautiful cards and gifts sent to me while in Peterborough Hospital. Also those who telephoned and visited with me. To Doctor Koval and Doctor May, the nurses and hospital staff, and to the Rev. Mr. Bushell of Minden, to St. Stephen's Ladies Guild and Club 35 of Halls Lake. My wife Mabel also wishes to thank all the friends who were so kind and helpful to her during my absence.
Pete Sawyer
